## **About Our Products**

Your floors deserve the best. That's why our resinous concrete floor systems and products are engineered to meet the demands of any environment, delivering durability, performance, and a finish that stands the test of time.

# RE-IMAGINE THE MAIN ENTRY WAY TO YOUR HOME

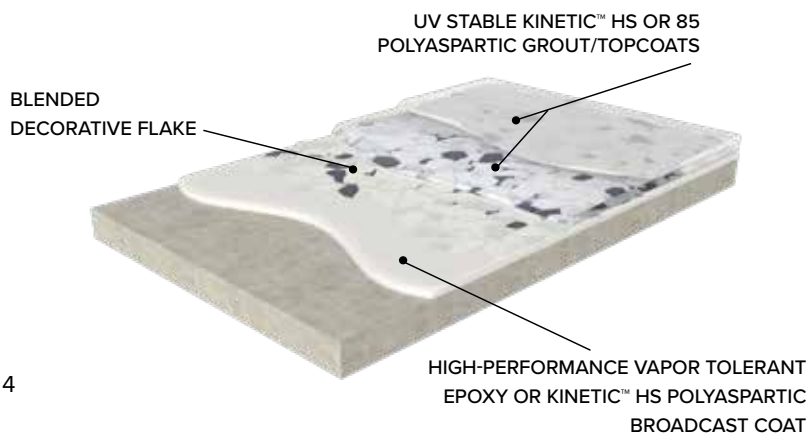

At Resinwerks, we offer a complete range of concrete floor coating options to help bring your garage make-over vision to reality. Our coatings ensure optimum performance in the toughest of environments, providing years of enjoyment and utility.

# CONCRETE FLOOR COATING APPLICATIONS

Our high-quality seamless garage flooring systems can help transform your garage from a dingy, dirty space to a bright and clean environment that can be used for far more than just parking cars and storing lawn tools.

## APPLICATIONS

- ◆ Garage Floors
- ◆ Basements
- ◆ Workshops
- ◆ Patios
- ◆ Vertical stem walls

## BENEFITS

- ◆ No hot-tire pickup
- ◆ Single-day installation
- ◆ Low odor, 0-VOC emissions
- ◆ Superior abrasion resistance
- ◆ Maximum stain resistance

# GARAGE FLOOR COATING SYSTEM DESIGN

## PRIMER/BROADCAST COAT OPTIONS

### VAPOR BARRIER EPOXY

100% Solids moisture-mitigation epoxy primer with industry leading permeability rate of .059. Available in clear or pre-pigmented form with standard (4-6hr.) or fast-cure (2-3hr.) hardeners. Ideal for use as a broadcast coat for flake floors. May be used as a moisture mitigation primer for all types of commercial flooring systems. VOC-Free with no installation odor.

**Packaging: 2A:1B mix ratio**  
Available in 3-gallon kits.

### RAPID H2O EP

Fast-cure, high-build water-based epoxy primer. Pigmented base coat for flake broadcasts and one-day flooring systems. Clear version serves as an excellent primer for grind & seal as well as dyed concrete applications. Available pre-pigmented in all standard colors.

**Packaging: 2A:1B:1H2O mix ratio**

### KINETIC™ HS POLYASPARTIC \*

Fast-drying, 93% solids low-voc polyaspartic coating. May be used as a primer, mid or top-coat in a variety of applications. Ideal for environments requiring minimal installation odor and fast return-to-service. Available in clear or pre-pigmented (5G only). May be pigmented with Resinwerks universal post-add pigments.

**Packaging: 1A:1B mix ratio**

*\*Kinetic™ and Kinetic™ 85 polyaspartics may also be used in primer applications.*

### BIOCURE 1100 EP

100% solids epoxy primer and intermediate coat. Unique bio-based formulation is easy to apply and offers outstanding adhesion to a variety of substrates. Engineered for superior adhesion with topcoats. Available in clear or pre-pigmented in all standard colors.

**Packaging: 1A:1B mix ratio**

## GROUT & TOP-COAT OPTIONS

### LEVELGUARD EP™

Highly-versatile 100% solids water-clear epoxy. Available in a clear form with the option to pigment with Resinwerks Universal Pigments. LevelGuard incorporates a highly-refined cycloaliphatic amine hardener for excellent color stability. May be used in a variety of commercial & decorative applications.

**Packaging: 2A:1B mix ratio**

### KINETIC™ HS POLYASPARTIC

Fast-drying, 93% solids low-voc polyaspartic coating. May be used as a primer, mid or top-coat in a variety of applications. Ideal for environments requiring minimal installation odor. Available in clear or pre-pigmented (5G only). May be pigmented with Resinwerks universal post-add pigments.

**Packaging: 1A:1B mix ratio**

### KINETIC™ 85 POLYASPARTIC \*

Fast-drying, 85% solids, low-voc polyaspartic coating. May be used as a primer, mid or top-coat in a variety of residential, commercial & industrial applications. Ideal for single top-coat applications over flake floors. Clear gloss finish may be pigmented with Resinwerks' universal pigments. Available with optional "Slow-Set" Part A.

**Packaging: 1A:1B mix ratio**

### KINETIC™ POLYASPARTIC \*

Fast-drying, 72% solids, low-voc polyaspartic coating. May be used as a primer, mid or top-coat in a variety of residential, commercial & industrial applications. Low viscosity with longer working times. Clear gloss finish may be pigmented with Resinwerks' universal pigments.

**Packaging: 1A:1B mix ratio**

*\*Kinetic™ and Kinetic™ 85 polyaspartics may also be used in primer applications.*

## INDUSTRIAL FINISH

### HDC 100 URETHANE

Heavy-duty 3-component moisture-cured urethane. Versatile topcoat incorporates ultra-fine heavy-duty aggregate for maximum abrasion resistance. Available in both clear and pigmented form with either semi-gloss or satin finishes.

**Packaging: 550 SF Kit**

## About Us

Resinwerks manufactures sustainable industrial coatings that offer superior performance, quality, and value. Supported by a team of veteran resinous flooring professionals, we are committed to delivering the very best products to facility owners and our trusted contractor partners. Our products are manufactured domestically in the USA and conveniently shipped direct to you.

## Sustainable Products

Our product line was designed from the ground up to focus on the latest in environmentally conscious resins and additives. In addition, we have largely substituted water for harsh solvents, making our products safer to use and better for our environment. For our clients, this means less hazardous emissions and superior long-term performance.
